Tod et al:

Attached is a draft briefing table which will be part of a larger briefing table that we'll use for the next options selection (now scheduled for Mar 31 – I'll send that info separately.) We would appreciate your review before we send to the rest of the workgroup. In order to build in time for the workgroup review, then all the various levels of management reviews, please provide any comments by next **Tuesday March 3**. This table is intended to be a condensed version of the more detailed options papers and should reflect the most recent discussions with you and the full workgroup.

The latest versions of the two tribal options papers are on our Sharepoint site at

Ex. 6 Personal Privacy (PP)

Thanks, and let me know if you have any questions. Again, appreciate all your help on these papers.
